

Annual Meeting

October 21st & 22nd 2010

**Austin Court
Birmingham**

MEETING PROGRAMME

Thursday 21st October 2010

10.30- 11.00 Registration and Coffee

11:00-12:30 Audit Symposium

Chairs: Barney Harrison President

Fausto Palazzo, BAETS Executive, London

David Chadwick, BAETS Executive, Chesterfield

Invited Guest: Richard Wight DAHNO Lead ENT UK, Middlesbrough

Audit Changes 2010

BAETS Consensus Statement for Discussion

"The BAETS supports the recommendation that all patients undergoing thyroid and parathyroid surgery should have both pre and post-operative vocal cord assessment."

12.30-14.00 Lunch & Poster Viewing

14.00-16.30 Symposium

"The Diagnosis and Treatment of Recurrent Thyroid Cancer"

Chairperson: Professor Jayne Franklyn

Speakers

Dr Kate Newbold, Consultant Oncologist, Royal Marsden, London

"How to Diagnose Recurrence and what Investigations to order"

Dr Julie Olliff, Consultant Radiologist, Queen Elizabeth Hospital, Birmingham

"Radiology for Recurrent Thyroid Cancer"

Prof Carole Spencer, Professor of Medicine, USC, Los Angeles

"How to Interpret the Serum Thyroglobulin results"

Datuk Dr Noor Hisham Bin Abdullah, Consultant Endocrine Surgeon, Malaysia

"Surgery for Recurrent Disease"

16.30-1700 Coffee Break

17.00-18.00 Annual General Meeting of the BAETS

**19:00 BAETS Annual Dinner (Black Bow Tie)
Hyatt Hotel**

Friday 22nd October 2010

**08.45-10.15 Free Papers Session 1
(Time allocated 10mins per paper)**

**Chairs: Barney Harrison, President
Helen Doran, Salford**

Safety and Efficacy of Minimally-Invasive Parathyroidectomy (MIP) under Local Anaesthesia.

Michael J Stechman, Rajeev Parameswaran, Hilary Bridge, Radu Mihai, Gregory P Sadler. Department of Endocrine Surgery, John Radcliffe Hospital, Headington, Endocrine Surgery Unit, Oxford, UK.

Thyroid Hurthle Cell Carcinoma: A Tertiary Institution Experience

Paunovic I, Diklic A, Zivaljevic V.
Centre for Endocrine Studies (CES), Belgrade, Serbia

Definition and Outcome of Massive Adrenal Tumours

James Kirkby-Bott, Melwyn Sequeira, Ziad El-Khatib, Robert Caiazzo, Sebastien Aubert, Emmanuelle Leteurtre, Laurent Arnalsteen, Francois Pattou, Bruno Carnaille
CHU Lille, France

Robotic-assisted Parathyroidectomy: A Feasibility Study

Neil Tolley¹, Asit Arora¹, Fausto Palazzo¹, George Garas¹, Ranju Dhawan², Jeremy Cox¹, Ara Darzi³
St Mary's Hospital, Imperial College London

The Birmingham Protocol: Identifying and Managing Post-Thyroidectomy Hypocalcaemia: An Update

N Sharma, J Ellis, J Smith, D Howe, N Gittoes, JC Watkinson
Queen Elizabeth Hospital, Birmingham

Can postoperative hypocalcaemia be predicted in patients undergoing parathyroid surgery?

Semple CM, Bell Z, Eatock FC
Royal Victoria Hospital, Belfast

Determination of Tumour Cell Fate in Multiple Endocrine Neoplasia Type 1-related Tumours is Dependent on Menin and Bcl-2.

Mahsa Javid, Gerard V Walls, Jeshmi Jeyabalan, Anita AC Reed, Paul J Newey, M Andrew Nesbit and Rajesh V Thakker
Academic Endocrine Unit, Oxford,

Laparoscopic Adrenalectomy for Cases with Big Tumours or Previous Laparotomy

Panagiotis B. Kekis, Haridimos Markogiannakis, Nikolaos V. Michalopoulos, Ioannis Flessas, Maria Natoudi, Emmanuel Evangelidakis, Maria Liparaki, George C. Zografos, Andreas Manouras
Athens Medical Centre, Athens, Greece

Can Ultrasound Features be used to Predict Malignancy in Thyroid Nodule?

Gunasekaran S, Waqar-Huddin H, Khan K, Al-Zwae K, Ghosh S K, Martin- Hirsch D
Calderdale and Huddersfield NHS Trust, Halifax, UK

10.15-10.45 Coffee Break

10.45-11.45 Free Papers Session 2 (Time allocated 10mins per paper)

**Chairs: Johnathan Hubbard, BAETS Executive, London
Jeremy Davis, Gillingham**

The effect of routine prophylactic calcium therapy post total thyroidectomy on frequency of hypocalcemia and length of hospital stay.

Helen E Doran, Rahul Dwivedi, Iain D Anderson
Salford Royal Foundation Trust Hospital

PBF is induced by ionising radiation and functionally inactivates p53 in thyroid cancer

Seed RI, Sharma N, Fong JCW, Read ML, Lewy GD, Smith VE, Gentilin E, Kwan PPK, Ryan GA, Boelaert K, Franklyn JA, Watkinson JC and McCabe CJ
University of Birmingham, Birmingham

Is minimally invasive thyroidectomy a realistic choice for the UK thyroid workload?

Pakzad F, Currie A, Tolley N, Palazzo FF
Hammersmith Hospital, London

Positive pre-operative Localisation Scanning does not Improve the Likelihood of Surgical Cure in Patients with Primary Hyperparathyroidism.

Michael J Stechman¹, Fergus V Gleeson², Radu Mihai¹, Gregory P Sadler¹.
Churchill Hospital, Oxford

Management of Cytologically Suspicious Thyroid Nodules (Thy4) for Malignancy.

Leo Pang, Jean-Pierre Jeannon, Johnathan Hubbard, Ashish Chandra, Annabelle Leong, Anil Joshi, Ricard Simo
Department of Otolaryngology and Head and Neck Surgery, Guy's and St. Thomas' Hospitals, London, UK.

Improving the rate of Minimally Invasive Parathyroidectomy: The impact of Surgeon-based Ultrasound

S. Nicholson, R. D. Bliss, T. W. J. Lennard, S. R. Aspinall
Newcastle upon Tyne Hospitals NHS Trust

11.45-12.45 The British Journal of Surgery Lecture

Datuk Dr Noor Hisham Bin Abdullah
Deputy Minister of Health, Malaysia

"Investigation and Management of Retrosternal Goitre"

12.45-1400 Lunch & Poster Viewing

14.00-16.30 Free Paper Session 3 (Time allocated 15mins per paper)

British Journal of Surgery Prize Session

Chairs: Chas Ubhi, BAETS Executive, Nottingham

David Chadwick, BAETS Executive, Chesterfield

Men1 gene therapy using a modified adenovirus demonstrates reduced proliferation rates in murine Multiple Endocrine Neoplasia Type 1 pituitary tumours.

Mahsa Javid, Gerard V. Walls, Manuel C Lemos, Jeshmi Jeyabalan¹, Miriam Bazan-Peregrino, Damian J. Tyler, Daniel J. Stuckey, Paul T. Christie, Len Seymour, Rajesh V. Thakker
University of Oxford, Oxford.

Neck Ultrasound Referral Patterns In A Teaching Hospital and the Impact on Patients Journey

S Shore, P Nixon, G Estebanez, S Cottenden, P Chew, A Waghorn
Royal Liverpool University and Broadgreen Teaching Hospital, Liverpool

Serum phosphate predicts temporary hypocalcaemia after thyroidectomy

Amir H. Sam, W. S. Dhillon, M. Donaldson, A. Moolla, K. Meeran, N. S. Tolley, F. F. Palazzo
Hammersmith Hospital, Imperial College London

Ectopic hormone secreting pheochromocytoma: A francophone observational study

James Kirkby-Bott FRCS, Laurent Brunaud, Muriel Mathonet, Etienne Hamoir, Jean-Louis Kraimps, Christophe Triesallet, Laurence Amar, Alexandre Rault, Jean-Francois Henry, Bruno Carnaille
CHU Lille, France

Management of the Thy2 Thyroid nodule

E S Watts, E M Sheerin, J M Rozentals, C S Ubhi
Nottingham University Hospitals, Nottingham

The Role of Adrenal Vein Sampling (AVS) in the Diagnosis and Management of Primary Hyperaldosteronism: An Audit of Ten Years Experience at a Tertiary Referral Centre.

V Salem, TG Hopkins, H El-Gayar, J Jackson, T Tan, K Meeran and F Palazzo
Hammersmith Hospital, London

Reduced radioiodine uptake in a transgenic mouse model of human PTTG Binding Factor (PBF) over-expression

Fong JCW, Read ML, Smith VE, Lewy GD, Sharma N, Smith J, Seed R, Kim DS, Boelaert K, Franklyn JA, Watkinson JC and McCabe CJ
University of Birmingham, Birmingham

Impact of routine ultrasound scanning on management of Thy3 cytology in dominant and isolated thyroid swellings: A two centre comparative study.

W Craig, C McCue, S Dutta, D Smith, Z Krukowski
Aberdeen Royal Infirmary & Ninewells Hospital Dundee

Two week wait thyroid cancer referrals have a low cancer yield

A. Currie, F. Pakzad, N.S. Tolley, F.F. Palazzo
Department of Endocrine Surgery, Imperial College Healthcare, London

The Natural History of Nodular Goitre following Benign FNA: A 14 year Review of 2923 Patients

R Parameswaran, MJ Stechman, ID Buley, DE Roskell, R Mihai & GP Sadler
Department of Endocrine Surgery, John Radcliffe Hospital, Oxford

16.30 Presentation of BJS Prizes for Best Poster and Oral Presentation & Close of Meeting
