Introduction:

Aesculap Academia is pleased to announce this two day meeting arranged in association with the Endocrine Section of the Royal Society of Medicine.

A multidisciplinary international faculty of experts from Australia, France, USA and the UK will be participating.

The symposium is aimed at specialists and trainees in both Endocrinology and Surgery who have an interest in Thyroid and Parathyroid disorders. The meeting has been supported by the British Association of Thyroid and Endocrine Surgeons. CME approval is planned.

This meeting will take place at the Royal College of Surgeons, Lincoln's Inn Fields, London. A dynamic and exciting programme of education and discussion will provide ample opportunity for delegate participation.

Neil S Tolley MD, FRCS, DLO

Horizons of Knowledge Competence to Master the Future

Innovative developments in the field of medical technology, sophisticated new treatment methods, increasingly more stringent requirements for hospital and quality management and, last but not least, a healthy interest in acquiring new knowledge has given rise to an enormous and ever-increasing demand for further and advanced training.

The Aesculap Academy enjoys a world-wide reputation as a leading forum for surgical and medical training and answers the demands of health-care professionals in all areas of practice. The course programme comprises a wide range of hands-on workshops, management seminars and international symposia.

Aesculap Academy courses are of premium quality and are accredited by the respective medical societies, where appropriate.
